

Topic Information – Summer Term 2017 – Year One

Welcome to the Summer term and the last one in Year One!

We have another very busy new term ahead. We are now starting our new topic of "What a Wonderful World". This topic will be centered around the local area where the children live and how it has changed, our school grounds and plants. We will be doing lots of planting in school and looking at the growth of plants.

We will be linking our geography work of coastal locations and Monet's Seascapes. The children will create a seascape of their own using Weymouth as inspiration for their painting.

Throughout this topic we will be looking at different plants and trees and the importance of these for food. We will look at plants around school and the local area. We will plant lots of our own plants that the children will be responsible for looking after to show the children how important it is to look after plants correctly.

As last term, homework books will be sent home on a Thursday and should be returned with homework completed on a Monday. There will also be Education City homework set on a fortnightly basis. The children will also be receiving spellings over the next term to help them with spelling high frequency words.

Thank you for your continued support over the last term and well done to the children for their hard work.

If you have any questions then please do not hesitate to speak to me.

Miss Simmonds and the Year One Team

Numeracy

- ❖ Number
- ❖ Fractions
- ❖ Measurement

Literacy

- ❖ Traditional Tales
- ❖ Letters
- ❖ Poetry

Science

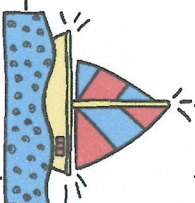

- ❖ Plants
- ❖ Seasonal changes for spring/summer.

Geography

- ❖ Features of a coastal location - Weymouth and compare this to another coastal location in a different country.

What a wonderful world!

Year 1- Summer Term

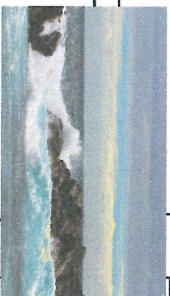

R.E.

- ❖ Easter
- ❖ Pentecost and Mission
- ❖ Prayers, Saints and Feasts
- ❖ Other Faiths

History

- ❖ A look at how the local area has changed over time and make comparisons between now and then.

Art/DT

- ❖ Seascapes - Monet
- ❖ Food technology - hygiene and preparation of food.
- ❖ Design and create a sea animal from clay.

Music

- ❖ Use voices by playing different games.
- ❖ Play tuned and un-tuned instruments.

I.C.T.

- ❖ Understand e-safety
- ❖ Saving and creating using different programs.
- ❖ Collect and display data.
