

Numeracy

In term 1 the children will be revising the four operations of addition, subtraction, multiplication and division; placing them into problem solving contexts.

In term 2 we will be working on measure, shape and handling data.

History/Geography

We will be learning about Mary Anning and the impact she had on our understanding of the world. This will be linked with our research on oceans and our looking at pollution and climate change. We will be considering the role that we play in the protection of our planet.

Literacy

We will be writing a biography of Mary Anning and creating a comic strip of her story. This will lead into our learning about the oceans and seeing if we are caring for them.

These findings will be written as a leaflet with a set of rules on how to protect them in the future.

We will be concentrating on making sure our sentences make sense, that we are selecting appropriate words to use and that our writing is presented well.

Science

In Summer 1 we are learning about living things in our oceans, beginning to categorise creatures and looking at food chains.

In Summer 2 we will be learning about the changes taking place in our oceans and how this is impacting on our creatures and their habitats. We will be encouraging questioning and explanation.

RE

In term 1 we will be learning more about Easter, Pentecost and Mission. In term 2 we will be exploring Judaism, Sikhism and Hinduism. In both terms we will be enabling and encouraging "Big questions".

Are We Caring For Our Oceans?

Year 2 - Summer 2019

Art/DT

In the first half of the term we will be designing, making and reviewing a collage of a food chain, linked to our science topic. In the second half of the term we will be creating using recycling materials.

ICT

We will be researching sea creatures and collecting data connected to our findings, making tables and graphs. In Summer 2 we will be retrieving information and drawing conclusions from this.

Music

In Summer 1 we will be singing with our specialist music teacher and learning songs related to our topic. We will learn to perform in front of the school.
