

A Light has
Come

With the morning sun

A new life has come,

Everybody listen.

Spread the word about,

Get the message out,

For a son it given.

Let everybody celebrate this day,

A light has come,

A child is born.

Let everybody bring a song of praise,

A child is born today.

With the talking drum

Music has begun,

Everybody listen.

With a tribal 'shout!'

Get the message out,

For a son it given.

Let everybody celebrate this day,

A light has come,

A child is born.

Let everybody bring a song of praise,

A child is born today.

With the morning sun

A new life has come,

Everybody listen.

Spread the word about,

Get the message out,

For a son it given.

Let everybody celebrate this day,

A light has come,

A child is born.

Let everybody bring a song of praise,

A child is born today.

Let everybody celebrate this day,
A light has come,
A child is born.

Let everybody bring a song of praise,
A child is born.

Let everybody celebrate this day,
A light has come,
A child is born.

Let everybody bring a song of praise,
A child is born today!
