27<sup>th</sup> April 2020

Dear Parents and Carers,

Here is this week's selection of activities. A massive thanks to all the children who have submitted work – I am busy working my way through it all! WELL DONE!!!!!!

1. Daily Reading for 20 minutes – can you please sign their reading contact book.
2. Spellings – high frequency and common exception words. The children to choose 10 that they think they cannot spell and use the spelling strategy sheet to practice them.
3. TTRockstars – independent multiplication tables game. This game assesses the children as they play and adapts the questions to the speed and accuracy of their answers.
4. Bronze and Silver 5 a day maths sheets. Children to choose either bronze or silver or both. These sheets cover all areas of maths. Some questions on the silver sheets may be unfamiliar as we haven't covered them in class, but the children know this and will try and tackle them. If you want more, feel free to use the ones that are the dates in the 2 weeks just gone.
5. Education City – 5 activities based on either maths or English. The activities chosen say that they are tablet-friendly, but sometimes this is not the case. If you cannot access the game, don't worry. I have also set differentiated activities for particular groups of children, either to add extra support or to challenge and extend.
6. Purple Mash – there will be a range of things for the children to do. Some of it will be independent work and some activities may require adult support. There are tutorial videos to many of the activities that the children should watch. This week there are 2 writing activities that need to be submitted to me.

Thank you very much

We look forward to seeing you soon

Mr Kay and the Year 4 Team
