### Approvals

This policy requires the following approvals:

| Board | Chair | CEO | Date Approved | Version | Date for Review |
|-------|-------|-----|---------------|---------|-----------------|
|       |       | X   | March 2020    | 1.0     | Ongoing         |
|       |       | X   | March 2020    | 2.0     | Ongoing         |
|       |       | X   | May 2020      | 3.0     | Ongoing         |
|       |       | X   | July 2020     | 4.0     | Ongoing         |
|       |       | X   | November 2020 | 5.0     | Ongoing         |
|       |       | X   | November 2020 | 6.0     | Ongoing         |
|       |       | X   | January 2021  | 7.0     | Ongoing         |

### National/Local Policy

- This policy must be localised by Academies
- This policy must not be changed, it is a CAST/National Policy (only change logo, contact details and any yellow highlights)

### Position with the Unions

Does the policy require consultation with the National Unions under our recognition agreement?  Yes  No  
 If yes, the policy status is:  Consulted and Approved  Consulted and Not Approved  Awaiting Consultation

## 1. Vision and Values

- 1.1 Plymouth CAST is a multi-academy trust of Catholic schools which is part of the mission of the Catholic Church dedicated to human flourishing and the building of a kingdom of peace, truth and justice. The Trust is to be conducted in all aspects in accordance with canon law and the teachings of the Roman Catholic Church and at all times to serve as a witness to the Catholic faith in Our Lord Jesus Christ.
- 1.2 Our vision and values are derived from our identity as a Catholic Trust. Central to our vision is the dignity of the human person, especially the most vulnerable. Our academies are dedicated to providing an education and formation where all our pupils and young people flourish in a safe, nurturing, enriching environment. All governors in our academies are expected to be familiar with the vision, mission, values and principles of the Trust and not in any way to undermine them. They should support and promote the vision and conduct themselves at all times in school and on school business according to the vision and principles of the Trust
- 1.3 Plymouth CAST expects all its employees to recognise their obligations to each school within the Multi-Academy Trust, the public, pupils and other employees and to provide consistently high standards of education and performance at all times and in accordance with Plymouth CAST's vision, mission and principles.

## 2. Purpose

To provide clear guidance on what action should be taken during the course of the Coronavirus outbreak.

## 3. Scope

This policy applies to all Plymouth CAST employees.

## 4. Equal Opportunities

This policy must always be applied fairly and in accordance with employment law and the Plymouth CAST Equal Opportunities Policy.

## 5. Control of Infectious Diseases

Plymouth CAST has a duty of care to minimise the risk of all infectious diseases spreading in the workplace. All employees are required to cooperate to reduce this risk to themselves and others.

## 6. What actions are Plymouth CAST taking to reduce risks of exposure in the workplace?

- Continue to update the full School risk assessment in line with Government updates.
- Complete/review existing individual risk assessments for clinically vulnerable staff, including pregnant women and BAME employees.
- Be flexible with roles to enable social distancing for clinically vulnerable staff

- The risk assessment in appendix 5 should be completed for employees, prioritising those who have a medical condition or other reason why they feel that they may not be able to attend the workplace.
- Reduce number of contacts between children and staff, keeping groups separate in bubbles and maintaining distance between individuals. Balance between bubbles and distancing will depend on children's ability to mix; layout of school; feasibility whilst offering broad and balanced curriculum.
- Provide facilities to all employees and pupils ensure good hand hygiene.
- All staff to ensure pupils are practising good hand hygiene.
- Schools and Offices to ensure tissues, hand sanitiser and antibacterial cleaning products are available where possible.
- Put in place cleaning schedule that is generally enhanced and includes:
  - More frequent cleaning of rooms/shared spaces used by different groups
  - Frequently touched surfaces cleaned more often than normal
  - Toilets cleaned regularly
- Provide regular updates on the guidelines from Public Health England and from the Government (<https://www.gov.uk/government/organisations/public-health-england>).
- Ensure contact numbers and emergency contact details are up to date for each employee.
- Engage with NHS Contact and Trace <https://www.gov.uk/guidance/nhs-test-and-trace-how-it-works>
  - Ensure fully understand the process, and ensure all staff and parents understand responsibilities and process.
- Ask parents and staff to inform school immediately of test results. Take appropriate action

## 7. Employee Actions

- If you feel unwell alert your line manager that you are off sick using usual communication procedures to avoid spreading infections in the workplace, regardless of if you have travelled to an affected area, or come into contact with someone who has.
- Observe the policy, procedures and control measures in place to reduce the risk to staff and children from COVID-19
- Have good hand hygiene at all times, washing your hands regularly with hot water and soap.
- Use hand sanitiser gels provided.
- Cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze.
- Ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach. Put used tissues in the bin straight away.
- Ensure your desk is clear at the end of the day to allow it to be cleaned.

- Avoid public transport when travelling to and from school where possible. If this is not possible, follow guidance on how to reduce any potential risks.
- Self-isolate for the required period if the employee or a member of the employee's household start to show symptoms.
- Change and wash clothes on arriving at home.
- Support own wellbeing (appendix 6)

## 8. Travel outside of Work

**8.1** We advise that you follow the most recent guidance on travel.

**8.2** If you are returning from an area currently affected by the outbreak, please follow the guidance provided by Public Health England(<https://www.gov.uk/government/organisations/public-health-england>)

**8.3** Ensure any staff taking foreign holidays during School holiday conform to any quarantine regulations

- All staff must be available for work during the school term
- Staff should be aware of risks of not being available for work if holidaying abroad.
- If member of staff has to undergo quarantine during term time, consider temporary arrangement for working from home

## 9. Covid-19 (Coronavirus) - Information about the virus

A coronavirus is a type of virus. As a group, coronaviruses are common across the world. COVID-19 is a new strain of coronavirus first identified in Wuhan City, China in January 2020.

The incubation period of COVID-19 is between 2 to 14 days. This means that if a person remains well 14 days after contact with someone with confirmed coronavirus, they have not been infected.

## 10. Signs and symptoms of COVID-19

The following symptoms may develop in the 14 days after exposure to someone who has COVID-19 infection:

- a new continuous cough
- fever or a high temperature
- a loss of, or change in, your normal sense of taste or smell (anosmia)

Generally, these infections can cause more severe symptoms in people with weakened immune systems, older people, and those with long-term conditions like diabetes, cancer and chronic lung disease.

**If you display symptoms for over 10 days and/or your symptoms are severe, please call NHS 111. Do not go directly to your GP or other healthcare environment. You are not required to call NHS 111 if you are self-isolating.**

## 11. Guidance on Facemasks and PPE

11.1 Government guidance on the use of PPE in schools should be followed. The Trust will provide regular updates on the requirements set out by the Trust.

11.2 At the time of writing this policy, the Trust requires the following measures:

- Face coverings to be worn in communal areas, corridors etc when outside the classroom.
- Face coverings to be worn in classrooms and during activities that were identified as high risk and where other control measures are not possible.
- Clear plastic face masks or visors CAN be worn by employees in class if they wish to do so. Where employees do not want to wear masks in class, they should discuss it with their line manager. If employees state that they don't want to wear a mask in class, please make a note of their decision, and allow them not to wear a mask in class.
- Wearing a mask in class is not mandated by the Trust
- This position will be reviewed in light of the changing context of the pandemic and any changes in government guidance.

## 12. What happens if an employee is required to go into self-isolation? This is in the case that the employee or a member of the employees' household have either tested positive or displaying symptoms of COVID-19.

**12.1** The employee must tell their line manager as soon as possible if they cannot work. Employees should inform the line manager of the reason and how long they are likely to be off for and self-refer for COVID-19 testing (<https://www.gov.uk/guidance/coronavirus-covid-19-getting-tested>).

**12.2.** If you live alone and you have symptoms of coronavirus illness (COVID-19), however mild, stay at home for at least 10 days from when your symptoms started.

**12.3** After 10 days, if you do not have a high temperature, you do not need to continue to self-isolate. If you still have a high temperature, keep self-isolating until your temperature returns to normal. You do not need to self-isolate if you only have a cough or anosmia after 10 days, as these symptoms can last for several weeks after the infection has gone.

**12.4** If you live with others and you are the first in the household to have symptoms of coronavirus (COVID-19), then you must stay at home for at least 10 days, but all other household members who remain well must stay at home and not leave the house for 10 days. The 10-day period starts from the day when the first person in the house became ill.

**12.5** Where someone is self-isolating and is well and is displaying no symptoms they will be assumed to be working from home and therefore paid normally.

**12.6** Where Statutory sick pay (SSP) is applicable, this will be paid from the first day of absence.

## **13. What happens if an employee is told not to go to work or the School/Office has been closed?**

13.1 Employees will continue to receive their normal pay.

13.2 Where possible employees will be required to work from home in line with the advice in section 18.

13.3 During the period of lockdown starting on 5<sup>th</sup> January 2021, Schools will be expected to be open for vulnerable and/or keyworker children. Employees will attend the workplace to support this where possible.

## **14. Clinically Extremely Vulnerable**

**14.1** Employees who are classed as clinically extremely vulnerable will receive a letter from their GP or the NHS to inform them that their medical condition puts them at the greatest risk of severe illness from COVID-19 and should shield. Employees who are shielding will be required to work from home (see section 18).

**14.3** Clinically extremely vulnerable people may include the following people. Disease severity, history or treatment levels will also affect who is in this group.

14.3.1 Solid organ transplant recipients.

14.3.2 People with specific cancers:

14.3.2.1 people with cancer who are undergoing active chemotherapy

14.3.2.2 people with lung cancer who are undergoing radical radiotherapy

14.3.2.3 people with cancers of the blood or bone marrow such as leukaemia, lymphoma or myeloma who are at any stage of treatment

14.3.2.4 people having immunotherapy or other continuing antibody treatments for cancer

14.3.2.5 people having other targeted cancer treatments which can affect the immune system, such as protein kinase inhibitors or PARP inhibitors

14.3.2.6 people who have had bone marrow or stem cell transplants in the last 6 months, or who are still taking immunosuppression drugs

14.3.3 People with severe respiratory conditions including all cystic fibrosis, severe asthma and severe chronic obstructive pulmonary (COPD).

14.3.4 People with rare diseases that significantly increase the risk of infections (such as severe combined immunodeficiency (SCID), homozygous sickle cell).

14.3.5 People on immunosuppression therapies sufficient to significantly increase risk of infection.

14.3.6 Women who are pregnant with significant heart disease, congenital or acquired.

14.4 Employees who live with someone who is in the very high-risk group (Clinically extremely vulnerable) may be able to continue to attend the workplace following a risk assessment.

## 15. Clinically Vulnerable Employees

**15.1** Employees who are classed as clinically vulnerable are those that may have a higher risk of severe illness due to COVID-19 but are **not** classed as Clinically **extremely** vulnerable.

**15.2** Clinically vulnerable people are those who are:

- aged 70 or older (regardless of medical conditions)
- under 70 with an underlying health condition listed below (that is, anyone instructed to get a flu jab each year on medical grounds):
- chronic (long-term) mild to moderate respiratory diseases, such as asthma, chronic obstructive pulmonary disease (COPD), emphysema or bronchitis
- chronic heart disease, such as heart failure
- chronic kidney disease
- chronic liver disease, such as hepatitis
- chronic neurological conditions, such as Parkinson's disease, motor neurone disease, multiple sclerosis (MS), or cerebral palsy
- diabetes
- a weakened immune system as the result of certain conditions, treatments like chemotherapy, or medicines such as steroid tablets
- being seriously overweight (a body mass index (BMI) of 40 or above)
- pregnant women (regardless of trimester)

**15.3** Staff who are clinically vulnerable are able to continue to attend the workplace, providing the following elements are in place:

- Planning, risk assessment and control measures are in-line with government guidelines.
- An individual risk assessment has been completed for the individual.

## 16. What happens if an employee needs time off work to look after someone?

**16.1** Employees are entitled to time off work to help someone who depends on them (a 'dependent') in an unexpected event or emergency. This would apply to situations to do with coronavirus. For example:

**16.1.1** if they have children they need to look after or arrange childcare for because their school/nursery has closed.

**16.1.2** to help their child or another dependent if they're sick, or need to go into isolation or hospital

**16.3** If the employee is taking dependent leave in an emergency situation, they can have up to 5 days paid leave between on a rolling 12-month period from 1<sup>st</sup> September onwards.

**16.4** School employees are classed as keyworkers, which means that their children can continue to access early years and school provisions.

## 17. What happens if an employee does not want to go to work?

**17.1** If Employees are worried about attending the workplace or if the employee is advised by the union or another party that they should not attend because they deem the environment to be high risk, the employee must discuss this with their line manager/Executive Headteacher/Headteacher, detailing the reasons why they feel unable to return to work.

**17.2** Line managers/Headteachers/Executive Headteachers must:

- Listen to the employee's concerns
- Advise the employee on steps that have been taken to reduce the risk
- Complete the risk assessment in appendix 5 with the staff member
- Discuss alternatives ways of working

**17.3** On the basis that the school has taken all reasonable steps to ensure a safe working environment, it is expected that all employees will attend work, unless they are unable too, due to a reason stated in this policy.

**17.4** Given these exceptional circumstances employees can request a period of unpaid leave, but this will need to be approved in line with the scheme of delegation.

**17.5** If there is no agreement from the employee to return, despite measures being taken and evidence of the school acting reasonably, usual procedures for unauthorised absence will apply.

## 18. Working from home

**18.1** When an employee is working from home it is under the direction of the line manager.

**18.2** Where an employee cannot complete their normal work from home, line managers should set projects, such as preparation of resources, creating activities, professional development, researching behaviour strategies, familiarisation with school policies, and safeguarding policy and procedures.

## 19. Review

**19.1** The content of this procedure may be subject to revision in line with Public Health guidelines (<https://www.gov.uk/government/organisations/public-health-england>).

## Appendix 1- Pay and Absence Summary

This guidance is designed to provide a summary of the pay and absence position during the Coronavirus pandemic. This guidance will be reviewed and updated regularly in line with any Government changes.

### Normal Work

#### Continue to work in school as normal

Normal pay

### Working from Home

#### Working from home

Normal pay

### Full School Closure

#### Full School Closure

Normal pay

### Self-Isolation

#### Self-Isolation- Due to Employee showing symptoms or diagnosed with Coronavirus

Classed as sickness absence- Contractual sick pay terms apply

To be paid as sick leave. School administrators should record this absence on the payroll under the reason code of Coronavirus. Please use the notes section to note this as Self Isolation or COVID Positive whichever applies.

#### Self-Isolation- Due to another individual in household showing symptoms or diagnosed with Coronavirus

➤ Work from home where possible- Normal Pay

➤ **Not able to work from home**

To be paid as sick leave. School administrators should record this absence on the payroll under the reason code of Coronavirus. Please use the notes section to note this as Self Isolation.

### Time off for Children or Other Dependants

#### Time off to look after children or other dependants

Employee are classed as keyworkers- Children of school age can attend their normal school and early year provisions; therefore, the employee can continue to work and be paid as normal.

Where childcare is not available, employees can be paid for up to 5 days of dependant leave on a rolling 12 month rolling basis starting from 1<sup>st</sup> September 2020 or take a period of leave either unpaid or parental leave.

Further details for time off for dependants can be found in the Plymouth CAST Special Leave Policy.

## **Self Employed (During lockdown)**

- **Individuals that are Self-employed and invoice the school for their work, but not paid through payroll (such as a peripatetic music teacher) and not required during the lockdown.**
  - Self-employed- No pay from the School, the individual should refer to the Self-employed Government Scheme. <https://www.gov.uk/guidance/claim-a-grant-through-the-coronavirus-covid-19-self-employment-income-support-scheme>
  - If the individual believes they shouldn't be classed as self-employed, they should provide evidence to support this. If the IR35 check comes back as an employee rather than self-employed, please speak to HR for further guidance.

## **Individuals Working through a Company (During lockdown)**

- **Individuals that work through a company such as a Sports provider.**
  - Not the Trust or School responsibility, they will need to refer to their own company.
  - Contracts with the provider should continue in line with the terms and conditions whether they are being used or not. If the terms and conditions allow us to leave the contract, this should be considered, with the view to start a new contract once the schools are back fully operational.

## **Casual and Supply**

- **Supply Teacher- Through Teaching Agency**
  - **Already started an agreed contract with the agency**
    - Continue to work in school- deploy where required  
Continue to pay agency as normal
    - **If no work is available in School, deploy them to a local school where possible**  
We continue to pay and invoice receiving school
  - **Not commenced an agreed contract with the agency**
    - Check the terms and conditions of the contract with the agency.
      - If you are able to stop the contract without any penalties, please end the contract.
      - If you are required to continue to pay the contract, continue to deploy the teacher within the school where possible.
  - **If the Supply teacher is not available due to illness, self-isolation or social distancing**  
Treat this as a normal absence and follow the normal agency protocol for absence.
- **Casual Employee (Paid using timesheets)- Frequent Hours**
  - **If work is available**, pay in the normal way
  - **If no work is available**. Average pay will be paid until further notice, based on one of the following calculations:
    - Employed for a full 12 weeks from date of calculation- Average pay over past 12 weeks
    - Employed for less than 12 weeks from date of calculation- Average pay since contract started

- **Casual Employee (Paid using timesheets)- Infrequent Hours- Not required to work**
  - **If work is available**, pay in the normal way
  - **If no work is available**. No pay
- **Supply Teacher on a Temporary or Fixed term contract- Paid through payroll**

See temporary and fixed term contract guidance below

- **Supply Teacher- Adhoc Hours- Paid through payroll- Not required to work**
  - **If work is available**, pay in the normal way
  - **If no work is available**. No pay

## **Temporary and Fixed Term Contracts**

- **Where contract was due to continue**
  - **Continue to work in school as normal**- Normal pay
  - **Work from home**- Normal pay
  - **Unable to work**- See guidance on self-isolation, social distancing and/or time off for dependants where applicable
- **Where contract was due to end during pandemic or no work available**
  - Contract is ended when it was due to end and where there is no further work to carry out.
  - You must have a valid reason to end Temporary and Fixed Term Contracts

## Appendix 2- Advice for Self-isolation

Your local health protection team (HPT) and your doctor have agreed that you may stay at home while you wait for the results of tests for COVID-19 (SARS-CoV-2) infection. This is because you do not need to be admitted to hospital and because you have agreed to follow the important instructions described below.

### **1. Stay at home**

You or the person you are caring for should remain in your home, except for getting medical care (see sections 3 and 8 before getting medical care). Do not go to work, school, or public areas, and do not use public transport or taxis until you have been told that is safe to do so.

You will need to ask for help if you require groceries, other shopping or medications. Alternatively, you can order by phone or online. The delivery instruction needs to state that the items are to be left outside, or in the porch, or as appropriate for your home.

### **2. Separate yourself from other people in your home\***

You should stay in a well-ventilated room with a window to the outside that can be opened, separate from other people in your home. Keep the door closed.

Use a separate bathroom from the rest of the household, if available. If you have to share these facilities, regular cleaning will be required. If a separate bathroom is not available, consideration should be given to drawing up a bathroom rota for washing or bathing, with the isolated person using the facilities last, before thoroughly cleaning the bathroom themselves (\* if able or appropriate). Ensure the isolated person uses separate towels from other household members, both for drying themselves after bathing or showering and for hand hygiene purposes.

If you live in shared accommodation (university halls of residence or similar) with a communal kitchen, bathroom(s) and living area, you should stay in your room with the door closed, only coming out when necessary, wearing a facemask if one has been issued to you.

If you share a kitchen with others (such as university halls of residence or similar), and if possible, avoid using it whilst others are present. If this is not possible then wear a facemask if you have been issued with one. Take your meals back to your room to eat. Use a dishwasher (if available) to clean and dry your used crockery and cutlery. If this is not possible, wash them by hand using detergent and warm water and dry them thoroughly, using a separate tea towel.

If these recommendations cannot be implemented, then home isolation should be avoided.

### **3. Call ahead before visiting your doctor**

All medical appointments should be discussed in advance with your designated medical contact, using the number that has been provided to you. This is so the surgery or hospital can take steps to minimise contact with others.

### **4. Wear a facemask if advised to**

If you have been provided with facemasks, then you should wear the mask when you are in the same room with other people and when you visit a healthcare provider. If you cannot wear a facemask, the people who live with you should wear one while they are in the same room with you.

### **5. Cover your coughs and sneezes**

Cover your mouth and nose with a disposable tissue when you cough or sneeze. Carers of others undergoing testing for COVID-19 infection should use disposable tissues to wipe away any mucus or phlegm after they have sneezed or coughed.

Dispose of tissues into a plastic waste bag (see note 10. below for managing rubbish), and immediately wash your hands with soap and water for at least 20 seconds rinse and dry thoroughly.

Carers should wash their hands as well as helping the person they are caring for following coughing or sneezing

## **6. Wash your hands**

Wash your hands or assist the person you are caring for in washing their hands. This should be done often and thoroughly with soap and water, for at least 20 seconds, rinse and dry thoroughly. The same applies to those caring for anyone that is being tested for SARS-CoV-2. Avoid touching your eyes, nose, and mouth with unwashed hands.

## **7. Avoid sharing household items**

You should not share dishes, drinking glasses, cups, eating utensils, towels, bedding or other items with other people in your home when you have used them (or after your child or the person you are caring for has used them). After using these items, wash them thoroughly with soap and water; dishwashers may be used to clean crockery and cutlery.

Laundry, bedding and towels should be placed in a plastic bag and washed once it is known that the tests for SARS-CoV-2 (COVID-19) are negative. If this is not possible and you need to wash the laundry see below for further advice on handling laundry.

## **8. Do not have visitors in your home**

Only those who live in your home should be allowed to stay. Do not invite or allow visitors to enter. If you think there is an essential need for someone to visit, then discuss it with your designated medical contact first. If it is urgent to speak to someone who is not a member of your household, do this over the phone.

## **9. If you have pets in the household**

Try to keep away from your pets. If this is unavoidable, wash your hands before and after contact.

## **10. Waste**

All waste that has been in contact with the individual, including used tissues, and masks if used, should be put in a plastic rubbish bag and tied when full. The plastic bag should then be placed in a second bin bag and tied.

Do not dispose of it or put it out for collection until you know that patient does not have novel coronavirus.

Should the individual test positive, you will be instructed what to do with the waste.

## **11. Monitor your symptoms (or the person you are caring for, as appropriate)**

Seek prompt medical attention if your illness is worsening, for example, if you have difficulty breathing, or if the person you are caring for symptoms are worsening. If it's not an emergency, you should call your designated medical contact point using the number that has been provided to you. If it is an emergency and you need to call an ambulance, inform the call handler or operator that you are being tested for SARS-CoV-2 (or that you are caring for someone being tested for SARS-CoV-2, as appropriate).

## Appendix 3- Trust Issued Guidance **Operational Guidance for Schools**

### **Public Health/LA Authority Requirements**

- No school should close in response to a suspected (or confirmed) COVID-19 case unless advised to do so by **Public Health England** – please liaise with your ESM/Director of Education
- A school's Local Authority/Council has statutory responsibilities, duties and powers – it holds **local civil contingency responsibilities**. Schools must act in accordance with directions given by PHE, and those given by its LA under its civil contingency responsibilities. In such circumstances Headteachers should work closely with ESMs/Director of Education.
- Copy your ESM/Director of Education into all communication with PHE and the Local Authority
- Please inform the Trust immediately of any suspected or confirmed COVID-19 cases in your school
- When directed/advised by Public Health England to undertake a Deep Clean of the school contact Paul Stewart for advice [paul.stewart@plymouthcast.org.uk](mailto:paul.stewart@plymouthcast.org.uk)
- If a Local Authority takes a unilateral decision to close all of its schools under its **civil contingency responsibilities** Plymouth CAST schools should act accordingly. Headteachers should discuss this immediately with ESM/Director of Education.
- If a Local Authority takes a unilateral decision to close all of its maintained schools as the employer/accountable body, outside its **civil contingency responsibilities**, Headteachers will notify the Director of Education/ESM immediately. The decision will be made by the Headteacher/Director of Education.

### **Executive Headteacher/Headteachers**

- Headteachers should ensure all relevant checks are completed when the school is open.
- Work closely with their ESM to complete risk assessments and plans.

## Appendix 4- Risk Assessment

### Risk Assessment for Employees working in Schools and Childcare Settings - COVID-19 -

| Section 1: General Information |  |                |  |
|--------------------------------|--|----------------|--|
| Name:                          |  | Date of Birth: |  |
| Role:                          |  | School:        |  |
| Line Manager:                  |  | Working Days:  |  |
| Date of Assessment:            |  | Review Date:   |  |

| Section 2: All Staff   | Yes | No |   |
|--|-----|----|---|
| <ul style="list-style-type: none"> <li>Do you or any of your family currently have any COVID-19 symptoms?</li> </ul>   |     |    | If Yes, please follow self-isolation guidance |
| <ul style="list-style-type: none"> <li>Have you had a COVID-19 Test</li> </ul>   |     |    | Date of Test & result:                        |
| <ul style="list-style-type: none"> <li>Are you a member of any of the below groups (1-6)?<br/>If yes, please continue to relevant section below.<br/>If no, please proceed to Section 5, A.</li> </ul> |     |    |   |

| Section 3: Group Definitions   | Please Tick |
|--|-------------|
| <b>1. Defined on medical grounds as clinically extremely vulnerable</b>  |             |
| Solid organ transplant recipients  |             |
| Has cancer who are undergoing active chemotherapy or radical radiotherapy for lung cancer  |             |
| Has cancers of the blood or bone marrow such as leukaemia, lymphoma or myeloma who are at any stage of treatment                             |             |
| Having immunotherapy or other continuing antibody treatments for cancer  |             |
| Having other targeted cancer treatments which can affect the immune system, such as protein kinase inhibitors or PARP inhibitors             |             |
| Have had bone marrow or stem cell transplants in the last 6 months, or who are still taking immunosuppression drugs                          |             |
| Has severe respiratory conditions including all cystic fibrosis, severe asthma and severe COPD   |             |
| Has rare diseases and inborn errors of metabolism that significantly increase the risk of infections (such as SCID, homozygous sickle cell)  |             |
| Has immunosuppression therapies sufficient to significantly increase risk of infection   |             |
| Are pregnant with significant heart disease, congenital or acquired  |             |
| None of the above  |             |
| <b>2. Defined on medical grounds as clinically vulnerable</b>  |             |
| Aged 70 or older (regardless of medical conditions)  |             |
| Under 70 with an underlying health condition listed below (i.e. anyone instructed to get a flu jab as an adult each year on medical grounds) |             |
| Has a chronic (long-term) respiratory disease such as asthma, COPD, emphysema or bronchitis  |             |
| Has chronic heart disease, such as heart failure   |             |

# Coronavirus Policy and Procedure

|   |        |
|---|--------|
| Has chronic kidney disease  |        |
| Has chronic liver disease   |        |
| Has a chronic neurological condition, such as Parkinson's disease, motor neurone disease, multiple sclerosis, a learning disability or cerebral palsy   |        |
| Has diabetes  |        |
| Has problems with their spleen such as sickle cell or if you have had your spleen removed   |        |
| Has a weakened immune system as the result of conditions such as HIV and AIDS or treatments like chemotherapy, or medicines such as steroid tablets   |        |
| Is seriously overweight (a body mass index (BMI) of 40 or above)  |        |
| Is pregnant   |        |
| None of the above   |        |
| <b>3. Is living with and/or is providing close care for someone defined on medical grounds as clinically extremely vulnerable</b>   | Yes/No |
| If yes, please add details:   |        |
| <b>4. Is living with and/or is providing close care for someone defined on medical grounds as clinically vulnerable.</b>  | Yes/No |
| If yes, please add details:   |        |
| <b>5. Is an individual from a Black, Asian, Minority Ethnic group (BAME) or is living with and/or providing close care for someone from a BAME group and therefore may potentially be considered more vulnerable?</b>   | Yes/No |
| If yes, please add details:   |        |
| <b>6. Has experienced Mental Health issues as a result of COVID-19</b>  | Yes/No |
| If yes, please add details:   |        |
| <a href="https://www.gov.uk/government/publications/covid-19-guidance-for-the-public-on-mental-health-and-wellbeing/guidance-for-the-public-on-the-mental-health-and-wellbeing-aspects-of-coronavirus-covid-19">https://www.gov.uk/government/publications/covid-19-guidance-for-the-public-on-mental-health-and-wellbeing/guidance-for-the-public-on-the-mental-health-and-wellbeing-aspects-of-coronavirus-covid-19</a> |        |

**Section 4: Consider Measures**

Please note these measures are prompts for discussion. None are mandatory but should inform conversations around the feasibility of different measures.

| Measures<br><br>(Add additional measures, as required)  | How can this be implemented? | Agreed actions |
|---|------------------------------|----------------|
| <b>Avoid anyone displaying symptoms of coronavirus (COVID-19)</b>   |                              |                |
| <b>Social Distancing</b>  |                              |                |
| <b>Avoid non-essential use of public transport</b>  |                              |                |
| <b>Safely use PPE (frontline activity)</b>  |                              |                |
| <b>What measures are in place at home to shield the vulnerable person (refer to Public Health England advice on Shielding)</b>    |                              |                |
| <b>Is the member of staff able to make any changes to their personal situation e.g. consider alternative living arrangements?</b> |                              |                |
| <b>Work in a lower risk area</b>  |                              |                |
| <b>Move to other area of the building or to another building</b>  |                              |                |
| <b>Work from home, where possible including using remote technology</b>   |                              |                |
|   |                              |                |

# Coronavirus Policy and Procedure

|  |  |                      |  |
|--|--|----------------------|--|
|  |  |                      |  |
| <b>Section 5: Outcome</b>  |  |                      |  |
|  |  |                      |  |
| <b>Section 6: Comments</b><br>(Include date of actions added or removed during review) |  |                      |  |
| I am satisfied that adequate measures have been agreed to minimise risk                |  |                      |  |

## Appendix 5- Health and Wellbeing during COVID 19

Many of us have probably described the pandemic a ‘rollercoaster’, feeling up one day and down the next. There is no set way to cope with our own mental health and wellbeing however, we have put together some resources which may help you manage this.

If you feel you are struggling with your mental health, please be sure to talk to your line manager. Furthermore, employees of Plymouth CAST have access to free confidential support services. Please feel free to access this, if you feel at any time that this will benefit you.

- Zurich Municipal, our Insurance Company through DAS, provides a FREE confidential counselling service available 24 hours a day to ALL CAST employees, volunteers and their families. The number is 0117 934 2121. All employees should quote that they are an employee of Plymouth CAST to be able to access this service.
- The Education Support Partnership Charity provides a FREE Confidential Telephone Support and Counselling Service available 24 hours a day to all teachers and staff in primary and secondary schools. The number is 08000 562 561.
- <https://www.educationsupportpartnership.org.uk/helping-you/telephone-support-counselling>

### Looking after your physical health

It's proven that looking after your physical health has a big impact on how you feel. At times like these it can be too easy to fall into unhealthy habits which will make you feel worse. Try to maintain a healthy diet and drink lots of water, limiting the amount of caffeine and alcohol that you drink.

Try to take the time to exercise; there are lots of resources on YouTube and the NHS website for beginners. Perhaps you could do this during the time that you would have been commuting to work.

There are lots of free resources online at the moment which can be easily found, such as:

- NHS 10 minute homework outs - [NHS Link - Ten minute exercise](#)
- NHS Fitness studio - [NHS Link - Fitness studio](#)
- Joe Wicks – The Body Coach has a YouTube PE lesson at 9am Monday to Friday. [Joe Wicks - YouTube channel](#)

### Connecting with others

Maintaining healthy relationships with people we trust, and love is important for your mental wellbeing. Connection keeps us going – take the time to connect with loved ones and friends,

by phone/video call or text, or social media. This will help to reduce the feelings of isolation not only for you, but your family members and friends too.
